

## First Works

### Conditions of participation

---

#### AWARD

For the twelfth time the Bauwelt Award “**First Works**” will be tendered this year – from **1st October** on you can submit your first work. The Bauwelt Award (consisting of **6 awards of 5000 Euros each**) applies to all categories of “First Work” – from transformation projects to prototypal constructions, from public housing projects to the sustainable development of public space and to temporary interventions. Qualified for submission is every first work the submitter has realized on his or her own responsibility and which has been completed after **January 1st, 2018**. The closing date of the digital submission is **January 8th, 2023 (extended deadline!)**.

**The Bauwelt Award is awarded together with corporate group Kingspan and will be presented and exhibited at DAM Deutsches Architekturmuseum in Frankfurt.**

---

#### PARTICIPANTS

Eligible to participate are architects, interior designers, urban planners and landscape architects from all over the world, individuals as well as working teams.

#### DOCUMENTS AND SUBMISSION

The digital upload to submit your work for the Bauwelt Award is open until **January 8th, 2023 (extended deadline!)**, at [www.bauwelt.de/bauweltaward2023](http://www.bauwelt.de/bauweltaward2023). The submitted work is to be presented on four sheets in **A3 landscape format**. Participants may freely design the sheets at their own discretion, but should note the following the guideline for the submission:

1. On the first sheet, the project should be presented with **a single photo** only.
2. Please put down **all relevant information about the project in writing** on the second sheet. In addition to the author’s details and key data on the project, the project should be briefly explained here. The explanatory report should not count more than 400 words. Competition languages are German and English. You can supplement the text with pictures and drawings.

On the **3.** and **4.** page you should present your work in drawing and photos comprehensively and clearly in its entirety and in detail. Expected are the important floor plans and sections as well as photos of the project.

Legal recourse is excluded.
